BY THE COMMISSION:

The Nebraska Public Service Commission ("Commission") opened this docket on March 24, 2020, for the purpose of responding to the state of emergency declared in Nebraska with regard to the COVID-19 pandemic. This docket encompassed each Commission department, as well as Commission operations as a whole. This docket was opened for the purposes of continuing essential Commission functions and protecting the safety and health of the Commission, its staff, and Nebraska residents.

The Commission hereby finds that the actions previously taken by the Commission in this docket are no longer necessary for the protection of the welfare of Nebraska residents. The Commission therefore finds that the suspensions of rules still in effect pursuant to this docket should cease as of the date of this order. This includes the following:

1. **Transportation Department.** Motor carriers unable to provide authorized passenger or household goods transportation services due to suspension of contracts, temporary business closures, or other emergency measures have not been subject to adverse Commission action. This provision will terminate as of the effective date of this order.
2. **Transportation Department.** Application fees for suspension of transportation services were temporarily waived pursuant to this docket. The Commission determines that it is now appropriate to resume collection of such fees. Applications received on July 14, 2021 and afterwards will be subject to fees as set forth in the Commission's fee schedule.

The Commission finds that there are no further actions to be taken in this docket. The docket should therefore be closed.
