of Nebraska Public Power)
District Columbus, Nebraska,)
seeking authority to construct,) AUTHORITY CANCELLED
operate and maintain an electric)
transmission line in Saline)
County, Nebraska.) Entered: March 2, 2021

BY THE COMMISSION:

On July 5, 2017, the Nebraska Public Service Commission (Commission) granted an application by the Nebraska Public Power District (NPPD), Columbus, Nebraska, seeking authority to construct, operate and maintain an electric transmission line in Saline County, Nebraska, having a voltage in excess of 700 volts.

On May 13, 2019, NPPD notified the Commission that the authorized construction of the project had been put on hold and requested an extension of time to complete the project, which was granted by the Commission on May 21, 2019.

On February 19, 2021, NPPD notified the Commission that the construction authorized in Application No. E-2435 had again been delayed due to unforeseen circumstances. NPPD now estimates the project will commence around mid-year 2023. Therefore, NPPD requests the authority granted in E-2435 be cancelled and the docket closed. NPPD indicated it will reapply for project authorization closer to the proposed construction date.

Upon consideration of the request and being fully advised, the Commission finds the request to be reasonable and finds that NPPD's request be granted, that the authority granted in Application No. E-2435 be cancelled.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that NPPD's request be granted and the authority granted in Application No. E-2435 is cancelled.
