The State Natural Gas Regulation Act (Act) requires that the Commission assess its expenditures for each quarter-year against all jurisdictional utilities, subject to certain adjustments. See *Neb. Rev. Stat.* § 66-1841. The Act provides that the Commission shall determine its expenditures for the given quarter within 30 days after such quarter begins. This order addresses the assessment for expenses during the third quarter of fiscal year 2021-2022, January through March 2022.

Actual second quarter expenditures for the 2021-2022 fiscal year totaled \$128,031. Projected expenses for the third quarter of the 2021-2022 fiscal year total \$132,942. The total balance in the State Natural Gas Regulation Cash Fund as of December 31, 2021, was \$469,521.

The allocated amounts are based upon number of meters served, as reported by the Jurisdictional Utilities on or about April 30, 2021, pursuant to Rule 006, of the Commission Natural Gas and Pipeline Rules and Regulations, See 291 NAC 9, § 006.
