BEFORE THE COMMISSION:

The Commission seeks to close Application No. NG-0010 because the affected Kinder Morgan, Inc. (KMI) customers have been transferred into the Choice Gas Program, terminating the need for the Gas Supply Cost Adjustment for the previous Rate Schedule SS (Sales Service) Program.

Application No. NG-0010 established Gas Supply Cost Adjustment SS provisions for residential and commercial customers located in three different cities and villages of KMI's Nebraska Rate Area 7 (applicable to Arcadia), Nebraska Rate Area 8 (applicable to Giltner), and Nebraska Rate Area 10 (applicable to O'Neill), which had not adopted ordinances implementing the Choice Gas Program. KMI served customers in these jurisdictions under KMI's Rate Schedule SS Program. The change in rates contained in Application No. NG-0010 reflected (1) KMI's projected cost of gas supply for the period October 1, 2003, through May 31, 2004, and (2) the refund of over-collected deferred gas costs that arose during the period prior to June 30, 2003.

The terms of KMI's Rate Schedule SS tariff, accepted in Application No. NG-0005, transferred these jurisdictional customers into the Rate Schedule CGS (Choice Gas Service) effective June 1, 2004. Any remaining under or over recovered costs applicable to the rate for Rate Schedule SS as of that date have been incorporated into the Gas Supply Cost Adjustment CGS as stated in the General Terms and Conditions, Section 7.7, subparagraph B, of KMI's current tariff.

The Commission finds that it should close Application No. NG-0010 because the impacted customers have been transferred into the Choice Gas Program.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. NG-0010 be, and it is hereby, closed because the affected customers have been transferred into the Choice Gas Program.

MADE AND ENTERED at Lincoln, Nebraska, this 22nd day of June 2004.
