BY THE COMMISSION:

The State Natural Gas Regulation Act (Act) requires that the Commission assess its expenditures for each quarter-year against all jurisdictional utilities, subject to certain adjustments. See *Neb. Rev. Stat.* section 66-1841. The Act provides that the Commission shall determine its expenditures for the given quarter within 30 days after such quarter. This order addresses the assessment for expenses during the second quarter of fiscal year 2014-2015, October through December 2014.

Actual second-quarter expenditures totaled \$177,484. Projected expenses for the third quarter of the 2014-2015 state fiscal year total \$120,000. The total balance in the State Natural Gas Regulation Cash Fund as of December 31, 2014, was \$181,797.

Based upon the foregoing, the Commission finds that an assessment of \$95,000 is necessary to pay all expenses, to provide a sufficient reserve and to maintain a cash flow until the next assessment evaluation and collection.

Appendix A shows the allocation of the assessed amount to the Jurisdictional Utilities, as required by Section 66-1841(4) of the Act. The allocated amounts are based upon number of meters served, as reported by the Jurisdictional Utilities on or about April 30, 2014, pursuant to Rule 006, of the Commission Natural Gas and Pipeline Rules and Regulations (*Neb. Admin. Code Title 291, Chapter 9*).

The assessed amounts are as follows: for Black Hills Energy, \$57,352.78; for SourceGas, \$25,582.36; and for North-Western, \$12,064.86.
