In an application for certification, a competitive natural gas provider or aggregator shall reasonably demonstrate managerial, technical, and financial capability sufficient to obtain and deliver the services such provider or aggregator proposes to offer. The commission may establish reasonable conditions or restrictions on the certificate at the time of issuance.

In addition, Commission rules and regulations specify requirements for an application for authority as a CNGP. See, 291 Neb. Admin. Code, Ch. 9, Rule 009.

In support of its application, Concord submitted an audited balance sheet as of December 31, 2009, and related statements of income and cash flows. Based upon the information provided in the application and verified by affidavit, the Commission finds that the provisions of Neb. Rev. Stat. §§ 66-1848, 66-1849 and applicable Commission rules and regulations are met. Concord's application for authority should be granted, and Concord should be issued a certificate of authority as a competitive natural gas provider consistent with the conditions set forth in this order.
