BY THE COMMISSION:

On May 1, 2014, SourceGas Distribution LLC (SourceGas), Golden, Colorado, filed an application seeking an order authorizing it to put into effect a system safety and integrity rider tariff and system safety and integrity rider charge. SourceGas proposes that the tariff become effective November 1, 2014.

Pursuant to *Neb. Rev. Stat. § 66-1808(3)*,

Whenever any jurisdictional utility files with the commission the changes desired to be made and put in force by such utility, the commission, either upon complaint or upon its own motion, may give notice and hold a hearing upon such proposed changes. Pending such hearing, the commission may suspend the operation of such change and defer the effective date of such change in rate or any term or condition of service pertaining to the service or rates of any such utility, by delivering to such utility a statement in writing of its reasons for such suspension.

Due to the fact that the proposed rider presents issues not previously addressed by the Commission, further review and a hearing on the matter will be necessary. Therefore, the Commission finds that the tariff filed in the above-captioned matter should be suspended pending review and hearing.
