BY THE COMMISSION:

Pursuant to the Enhanced Wireless 911 Services Act ¹ (the Act), the Commission and its staff have been actively assisting public safety answering points (PSAPs) and wireless carriers with implementation of wireless E911.

In anticipation of the costs and data development associated with Phase II of enhanced wireless 911 service, the Commission previously adopted a process by which implementation of Phase II will be handled in an efficient and cost effective manner in an Order dated March 30, 2004.

Based upon the previously adopted process, the Commission issued a Request for Proposal (RFP) to vendors in an effort to coordinate the purchase of Phase II equipment and services for all PSAPs that have implemented Phase I and require these resources.

Prior to its release, the Commission reviewed the contents of the RFP. The Commission finds that the RFP released on Friday, May 21, 2004 should be ratified.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the RFP released by the Commission on Friday, May 21, 2004 is ratified.

¹ Neb. Rev. Stat. § 86-442 et seq. (Reissue 2002).

MADE AND ENTERED at Lincoln, Nebraska, this 26th day of May, 2004.
