

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the Commission,) Docket No. 911-011/PI-79
on its own motion, to establish)
Phase II enhanced wireless 911) ORDER AMENDING APPROVED
service implementation.) FUNDING FOR GIS REPOSITORY
)
)
) Entered: August 8, 2006

BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On April 4, 2006, the Commission entered an order approving funding for the creation and maintenance of a central repository for Geographical Information System (GIS) data. GIS data is necessary for Phase II Enhanced Wireless 911 service.

The Commission approved \$72,000 in initial costs to be paid to GIS Workshop for main presentation display module, upload control module, download control module, data viewer control module, user management control module, system training and system support/hosting (for the first 12 months.) Additionally, the Commission approved \$18,000.00 per year, for costs of hosting and maintaining the repository and telephone support.

Upon receipt of an invoice from GIS Workshop, it was discovered that a clerical error had occurred in the April 4, 2006 order and, that the initial costs should have been \$77,000. The Commission finds that the April 4, 2006 order should be amended to reflect the correct amount of \$77,000.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the April 4, 2006, order approving funding of the GIS data repository to GIS Workshop, shall be amended to approve \$77,000 for initial costs associated with the repository.

IT IS FURTHER ORDERED that upon the invoice received from GIS Workshop, the Commission shall remit to GIS Workshop amounts that comport with this order and the April 4, 2006 order as amended.

MADE AND ENTERED at Lincoln, Nebraska, this 8th day of August, 2006.

NEBRASKA PUBLIC SERVICE COMMISSION
