Wireless 911 implementation.        )

BY THE COMMISSION:

By written request for funding received February 28, 2007, Saline County, Public Safety Answering Point, Wilber, and Crete Police Department, Crete (Crete PD) seek funding from the Enhanced Wireless 911 Fund for expenses of implementing and providing Phase II enhanced wireless 911 service. The local exchange carrier serving Crete PD's PSAP is Windstream.

Crete PD entered into a service agreement with Windstream for enhanced wireless 911 equipment and services, including costs for the implementation and provision of Phase II service. A copy of the agreement has been provided. In the agreement, Crete PD authorized the Commission to remit all payments for Phase II enhanced wireless 911 service to Windstream.

Crete PD now seeks initial costs to implement and provide Phase II enhanced wireless 911 service as outlined in Appendix A attached hereto. Initial costs are to activate E2 interface, test link and upgrade database to allow location coordinates to pass through to the public safety answering point (PSAP.) Monthly fees are to provide the 30W format to the PSAP, which includes X,Y coordinates, allows data to be pushed back and forth from the mobile switch, and gives PSAP the ability to rebid for updated coordinates as necessary.

The Enhanced Wireless 911 Advisory Board recommended at its March 23, 2007, meeting that the Commission pay from the Fund Phase II LEC costs.

O P I N I O N     A N D     F I N D I N G S

This request for funding is being processed pursuant to Neb. Rev. Stat. §§ 86-444 to 86-456 (2006 Cum. Supp.), 291 Neb. Admin. Code, Chapter 1, Section 5, and Progression Order No. 5 in Commission Docket No. 911-001, entered July 16, 2002.

Costs requested in the present funding request are eligible under *Neb. Rev. Stat. § 86-86-465(2)(a)* (2006 Cum. Supp.). All costs have been incurred or will be incurred for the purchase, installation, maintenance and operation of telecommunications equipment and telecommunications services required for the provision of enhanced wireless 911 service.

Because Crete PD authorized Windstream to receive all payments on its behalf for wireless enhanced 911, the Commission finds that payment should be made to Windstream consistent with the amounts set forth in Appendix A as each implementation is complete. Crete PD shall notify the Commission in writing that an implementation has been completed and payments shall be adjusted accordingly based on the rates set forth in Appendix A.

Based upon the request for funding and supporting documentation, the Commission is of the opinion and finds that the request for funding should be granted.

Information set forth in Appendix A shall be treated as proprietary and confidential.

Any adjustments to rates must be approved by the Commission.

The Commission further finds that Crete PD is on notice and is aware that approval of this funding request is made with the understanding that it may be modified in the future, consistent with the permanent funding mechanism established pursuant to LB 1222 [2006].

#### O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Crete PD's request for funding shall be granted consistent with the terms set forth herein.

IT IS FURTHER ORDERED that the Commission shall remit to Windstream amounts that comport with Appendix A attached hereto once each implementation is complete.

IT IS FINALLY ORDERED that Crete PD is on notice and aware that approval of this funding request is made with the understanding that it may be modified in the future, consistent with the permanent funding mechanism established pursuant to LB 1222 [2006].
