BY THE COMMISSION:

By written request for funding received February 6, 2007, Johnson County Public Safety Answering Point, Tecumseh seeks funding from the Enhanced Wireless 911 Fund for expenses of implementing and providing enhanced wireless 911 service. In particular, Johnson County seeks funding for Vesta Pallas equipment and MapStar software for the provision of Phase II 911 service.

Certain costs related to the equipment were in excess of Plant/CML's response to the Commission's Request for Proposal (RFP). Additionally, Johnson County has entered into a lease agreement for the equipment which gives rise to several questions regarding the terms of payment.
