

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of Keya Paha) Application No. 911-023.75
County, Public Safety Answering)
Point, Springview, seeking)
funding approval for recurring) ORDER AMENDING FUNDING
and non-recurring costs of)
Enhanced Wireless 911)
implementation.) Entered: January 6, 2009

BY THE COMMISSION:

By order entered on November 13, 2008, the Nebraska Public Service Commission approved a request for funding received from Keya Paha County, seeking funding from the Enhanced Wireless 911 Fund (Fund) for expenses to develop Geographical Information System (GIS) data necessary for the implementation of Phase II wireless enhanced 911.

Due to a clerical error, the order approved funding in the amount of **\$21,295.00** for development of GIS data, cell sector creation and project management services. The amount should have read **\$21,925.00**. Therefore, the Commission finds that the November 13, 2008 order should be amended to reflect the appropriate amount of **\$21,925.00** and payments should be made accordingly.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the November 13, 2008 order approving Keya Paha County's funding request should be amended to reflect the appropriate amount of **\$21,925.00** and payments should be made accordingly.

MADE AND ENTERED at Lincoln, Nebraska this 6th day of January, 2009.
