Enhanced Wireless 911)	
implementation.)	
)	Entered: August 8, 2006

BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

The Nebraska Public Service Commission (Commission) hereby opens the above-captioned docket, on its own motion, to process public safety answering point (PSAP) requests for funding for Enhanced Wireless 911 implementation.

To date, funding requests from PSAPs have been docketed separately as PSAP or PSAP-GISD dockets. Each new request for funding for a particular PSAP was given a new docket number.

For the sake of simplifying the system for docketing requests related to enhanced wireless 911, the Commission finds that all PSAP requests for funding shall be docketed and processed under the present docket. Each PSAP will be assigned a specific number under this docket (e.g. 911-023.1, 911.023.2, etc.) All funding requests made by that PSAP will be docketed under that number. Additionally, all dockets containing previously approved funding requests, orders and other filings for a particular PSAP should be incorporated into the new docket number assigned to them as outlined in Appendix A to this order.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the above-captioned docket be, and it is hereby, opened to process public safety answering point requests for funding for Enhanced Wireless 911 implementation.

IT IS FURTHER ORDERED that all new and previously approved public safety answering point funding requests shall be docketed as outlined herein.

IT IS FINALLY ORDERED that all dockets containing previously approved public safety answering point funding

requests, orders, and other filings are incorporated into the present docket as outlined in Appendix A to this order.

MADE AND ENTERED at Lincoln, Nebraska, this 8th day of August, 2006.

NEBRASKA PUBLIC SERVICE COMMISSION
