O P I N I O N   A N D   F I N D I N G S

On or about August 8, 2006, the Nebraska Public Service Commission (Commission) opened the above-captioned docket, on its own motion, to develop policies and process requests for access to GIS data and the GIS Repository.

In an order entered on August 30, 2005 in docket No. 911-011/PI-97, the Commission approved the development of proper GIS data and map databases for public safety answering points (PSAPs) or supplementation of existing map databases necessary for Phase II service. The Commission has since approved funding for the development of GIS data for several PSAPs.

On April 4, 2006, the Commission also approved funding for a centralized data repository (Repository) for the GIS data in order to allow for maintenance of the data and access to the data by individual PSAPs and the Commission.

On October 10, 2007, the Commission entered an order establishing a process by which entities and individuals could request access to the Repository.

On or about October 24, 2007, Viaero Wireless submitted an application for access to the Repository. In order to process the application, the Commission finds that it should be set for hearing.

Therefore a hearing on this matter is set for **January 22, 2007 at 1:30 p.m.** in the Commission Hearing Room, 300 The Atrium, 1200 N Street, Lincoln, Nebraska.
