BY THE COMMISSION:

O P I N I O N     A N D     F I N D I N G S

On or about August 8, 2006, the Nebraska Public Service Commission (Commission) opened the above-captioned docket, on its own motion, to develop policies and process requests for access to GIS data and the GIS Repository.

In an order entered on August 30, 2005 in Docket No. 911-011/PI-97, the Commission approved the development of proper GIS data and map databases for public safety answering points (PSAPs) or supplementation of existing map databases necessary for Phase II service. The Commission has since approved funding for the development of GIS data for several PSAPs.

On April 4, 2006, the Commission also approved funding for a centralized data repository (Repository) for the GIS data in order to allow for maintenance of the data and access to the data by individual PSAPs and the Commission.

On October 10, 2007, the Commission established a GIS Data Repository Access and Use Policy and a procedure for entities to request access to the Repository.

On or about January 23, 2013, Beehive Industries submitted an application requesting access to the Repository, seeking the ability to download statewide GIS data with the exception of cell tower data.

On February 20, 2013, Beehive Industries notified the Commission that it wished to withdraw its request.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the withdrawal of Beehive Industries' request for access to the GIS repository is granted.
