BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism.¹

On March 30, 2012, the City of Falls City (Falls City) filed its application for funding with the Commission pursuant to Neb. Admin. Code Title 291, Ch. 15 § 007.01. Falls City serves Richardson County.

Pending resolution of the issues currently being considered in Docket No. 911-019/PI-118², Falls City is eligible for interim funding in the amount of \$27,397.89 for the 2012-13 funding year. This amount reflects the deduction of pre-existing commitments totaling \$5,000.00. Falls City has indicated that it anticipates using the funding provided for the following purposes: maintenance contracts, wireless telephone lines and the purchase of equipment. The city plans to set aside any remainder of its funding for future equipment and software upgrades and purchases.

Based upon the above, the Commission finds that funding request for Falls City in the amount of \$27,397.89 should be approved consistent with the allocation previously approved by the Commission in Application No. 911-019/PI-118³. Falls City shall receive monthly payments in the amount of \$2,490.72 until issues

All true-ups will be made retroactively to July 1, 2012.
