On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism.¹

On March 23, 2012, Cheyenne County filed its application for funding with the Commission pursuant to Neb. Admin. Code Title 291, Ch. 15 § 007.01. Cheyenne County serves Cheyenne County.

Pending resolution of the issues currently being considered in Docket No. 911-019/PI-118², Cheyenne County is eligible for interim funding in the amount of \$15,707.38 for the 2012-13 funding year. This amount reflects the deduction of pre-existing commitments totaling \$19,145.43. Cheyenne County has indicated that it anticipates using the funding provided for the following purposes: upgrades to Viper equipment and Power 911 and Power MIS software and hardware. The county plans to set aside the remainder of its funding for future equipment and software upgrades and purchases.

Based upon the above, the Commission finds that funding request for Cheyenne County in the amount of \$15,707.38 should be approved consistent with the allocation previously approved by the Commission in Application No. 911-019/PI-118³. Cheyenne County shall receive monthly payments in the amount of \$1,427.94 until
