On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 14, 2011, the City of Hastings (Hastings) filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Hastings, which provides services for Adams County, is eligible for funding in the amount of \$65,770.63 for the 2011-12 funding year. Hastings has indicated that it anticipates using the funding provided for the following purposes: GeoComm maintenance agreement, training of dispatchers, and equipment and software maintenance, and plans to set aside \$19,265.44 of its funding for future equipment and software upgrades and purchases.

There are no prior funding commitments to be deducted from the allocation.

Based upon the above, the Commission finds that the funding request for Hastings in the amount of \$65,770.63, should be approved consistent with the allocation determined in Docket 911-019/PI-118.

Pursuant to Docket 911-019/PI-118, Hastings is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later

than October 15 following the close of the funding year. If the Commission determines that any funds were not used appropriately, funding for the following funding year will be adjusted to recoup any necessary funds. All PSAPs are subject to audit.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the funding request for the City of Hastings is hereby approved as set forth herein in the amount of \$65,770.63.

IT IS FURTHER ORDERED that Hastings submit required documentation to justify all expenditures with approved funds no later than October 15 following the close of the funding year consistent with the terms of the order approving the permanent funding mechanism and process in Docket 911-019/PI-118 entered on February 23, 2010.
