O P I N I O N A N D F I N D I N G S

On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 8, 2016, the City of Lincoln (Lincoln) filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Lincoln, which serves the city of Lincoln and Lancaster County, is eligible for funding in the amount of up to \$328,220.27 for the 2016-17 funding year. Lincoln has indicated that it anticipates using the funding provided for costs related to new phone and mapping system, city GIS support, training, other 911 technology, and personnel, and plans to set aside up to 75% of its funding for future equipment, software upgrades and purchase.

No prior funding commitments exist.

Based upon the above, the Commission finds that the funding request for Lincoln in the amount of up to **\$328,220.27** should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$29,838.21 over eleven months.

Pursuant to Docket 911-019/PI-118, Lincoln is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than October 15, following the close of the funding year. If the
