On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On March 18, 2014, the City of Beatrice (Beatrice) filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118. Beatrice serves Gage County. Beatrice is eligible for funding in the amount of up to \$69,991.84 for the 2014-15 funding year.

Beatrice has indicated that it anticipates using the funding provided for costs related to wireless 911 maintenance agreements, GIS data maintenance, CAD software maintenance agreement, and personnel (up to the wireless/wireline ratio), and approximately \$11,542, up to 75% of its funding, for future equipment and software upgrades and purchases.

No prior funding commitments exist.

Based upon the above, the Commission finds that the funding request for Beatrice in the amount of up to \$69,991.84, should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$6,362.89 over eleven months.

Pursuant to Docket 911-019/PI-118, Beatrice is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than

October 15, following the close of the funding year. If the Commission determines that any funds were not used appropriately, funding for the following funding year will be adjusted to recoup any necessary funds. All PSAPs are subject to audit.
