On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 7, 2016, Dundy County filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Dundy County, which serves Dundy County, is eligible for funding in the amount of up to \$41,718.66 for the 2016-17 funding year. Dundy County has indicated that it anticipates using the funding provided for telecommunications equipment replacement. Dundy County plans to set aside the remainder of its funding for future equipment and software upgrades and purchases.

Certain pre-existing costs were not paid after being deducted from a prior year of Dundy County's allocation. A true-up in the amount of \$7,434.00 must be added to Dundy County's allocation amount to account for the non-payment.

Based upon the above, the Commission finds that the funding request for Dundy County in the amount of up to **\$49,152.66** should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$4,468.42 over eleven months.

Pursuant to Docket 911-019/PI-118, Dundy County is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than
