On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On March 24, 2015, the City of Wayne (Wayne) filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Wayne, which serves Wayne County, is eligible for funding in the amount of up to \$53,708.87 for the 2015-16 funding year. Wayne has indicated that it anticipates using the funding provided for costs related to 911 equipment maintenance contracts, mapping and CAD software, equipment repair, information delivery systems, training, 911 trunk lines, 911 contracts, and personnel. Wayne plans to set aside 37% of its funding for future equipment and software upgrades and purchase.

No prior funding commitments exist.

Based upon the above, the Commission finds that the funding request for Wayne in the amount of up to \$53,708.87 should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$4,882.62 over eleven months.

Pursuant to Docket 911-019/PI-118, Wayne is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than
