On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 2, 2015, Sarpy County filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Sarpy County, which serves Sarpy County, is eligible for funding in the amount of up to \$235,675.63 for the 2015-16 funding year. Sarpy County has indicated that it anticipates using the funding provided for dispatcher salaries, 911 trunk lines, GIS maintenance, PI CAD mapping software, NextGen11 applications, and costs associated with host remote Viper configuration. Sarpy County plans to set aside the remainder of its funding for future equipment, software upgrades and purchases.

No prior funding commitments exist.

Based upon the above, the Commission finds that the funding request for Sarpy County in the amount of up to \$235,675.63 should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$21,425.06 over eleven months.

Pursuant to Docket 911-019/PI-118, Sarpy County is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than October 15, following the close of the funding year. If the
