The Nebraska Public Service Commission (Commission) hereby opens the above-captioned docket, on its own motion, seeking to administer funding for intertandem trunking for the provision of Enhanced Wireless 911 service.

To date, funding for intertandem trunking was approved in Docket No. 911-007. However, in light of the implementation of the permanent funding mechanism and the federal grant funds received in Docket No. 911-040 to assist in the completion of the intertandem trunking project, the Commission has closed Docket No. 911-007 and finds that a new docket should be opened to review terms and costs for the project.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the above-captioned docket be, and it is hereby, opened to administer funding for intertandem trunking for the provision of Enhanced Wireless 911 service.

MADE AND ENTERED at Lincoln, Nebraska, this 13th day of April, 2010.
