

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of Chase County,) Application No. [PSAP-009.1](#)
Imperial, seeking approval of)
supplementary funding for costs) ORDER GRANTING REIMBURSEMENT
associated with Wireless E911) TO PSAP
implementation.)
) Entered: [August 5, 2003](#)

BY THE COMMISSION:

By order of the Commission entered June 25, 2003, the Commission granted Chase County funding for costs of database upgrades, specifically for a 10/20 digit automatic location identification (ALI) feature. The Commission found that payment should be made to Qwest Corporation, the local exchange carrier serving Chase County; however, prior to applying for funds, Chase County had already paid for the upgrade from its own funds.

Because expenses in the amount of \$10,633.00 have already been paid by Chase County for the 10/20 upgrade, payment should properly be made directly to Chase County, for reasons set forth in the Commission's order of June 25, 2003, in this docket.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Chase County be reimbursed directly for costs consistent with this order.

MADE AND ENTERED at Lincoln, Nebraska this 5th day of August, 2003.
