

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of Colfax County,     ) Application No. PSAP-015.2  
Schuyler, seeking approval for     )  
recurring and non-recurring         ) GRANTED  
costs of Wireless E-911             )  
implementation.                     )  
  ) Entered: February 28, 2006

BY THE COMMISSION:

Colfax County has implemented and is providing Phase I wireless enhanced 911 service to customers of several wireless carriers, and costs of such service have been approved in Application No(s). PSAP-015 and PSAP-015.1. On February 22, 2006, the Commission received an application from Colfax County for costs of monthly recurring and non-recurring costs to implement an additional wireless carrier, Nextel Partners. Enhanced wireless 911 service for Nextel Partners has not yet been implemented in Colfax County. Colfax County seeks initial costs of \$1,116.75 and recurring costs of \$365.49. Initial costs are for database upgrades, trunking infrastructure and purchase, installation, and testing of circuits for enhanced wireless 911. Recurring costs are monthly fees for database management and for operation and maintenance of trunks and circuits.

Colfax County entered into a service agreement with Qwest for enhanced wireless 911 equipment and services. A copy of the agreement is attached to the original request for funding. In the agreement, Colfax County authorized the Nebraska Public Service Commission to remit all payments for enhanced wireless 911 service to Qwest.

O P I N I O N     A N D     F I N D I N G S

This request for funding is being processed pursuant to Neb. Rev. Stat. §§ 86-442 to 86-469 (2004 Cum. Supp.), 291 Neb. Admin. Code, Chapter 1, Section 5, and Progression Order No. 5 in Commission Docket No. 911-001, entered July 16, 2002.

Costs requested are eligible under Neb. Rev. Stat. § 86-465 (2004 Cum. Supp.) All costs have been incurred or will be incurred for the purchase, installation, maintenance and operation of telecommunications equipment and telecommunications

services required for the provision of enhanced wireless 911 service.

Colfax County has submitted a PSAP registration in compliance with Commission Docket No. 911-001.

Because Colfax County authorized Qwest to receive all payments on its behalf for wireless enhanced 911, the Commission further finds that payment should be remitted to Qwest upon invoice. Only invoices that comport with the approved costs in this order will be paid. Recurring costs requested for partial months must be prorated.

Based upon the request for funding and supporting documentation, the Commission is of the opinion and finds that the request for funding should be granted. All costs of Nebraska Universal Service Fund (NUSF) surcharges and any legitimate government-imposed taxes or surcharges assessed on enhanced wireless 911 charges should also be paid. The Commission further finds that the Commission should true-up its subscriber counts and provide wireless cell site information on a quarterly basis and that the Commission should adjust payments for non-recurring and recurring charges accordingly.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Colfax County's request for funding should be granted.

IT IS FURTHER ORDERED that upon invoice from Qwest, the Commission shall remit to Qwest amounts that comport with this order.

MADE AND ENTERED at Lincoln, Nebraska this 28th day of February, 2006.
