The Commission on an annual basis has given the Nebraska Telecommunications Infrastructure and Public Safety (NTIPS) Department authorization to disburse NUSF support to qualifying Nebraska eligible telecommunications carriers (NETCs) pursuant to methodology set in place by the Commission. In January of this year the Commission gave authorization to the staff to make disbursements in an Order entered in the above-captioned docket.

This Order is entered for the purpose of authorizing the NTIPS Department to make changes to the distribution model for changes from the revised 2006 NUSF-EARN Form filings and because of a waiver order entered in this docket in May of this year. The revised 2008 distribution model authorized by this Order will be posted on the Commission's website at [www.psc.state.ne.us](http://www.psc.state.ne.us). These revised high-cost payments will commence with the July 2008 payment to NETCs.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission authorizing the NTIPS Department to make changes to the high-cost program disbursements commencing with the July, 2008 payments, for the reasons described above.
