Cheyenne County ) Entered: May 7, 2019

BY THE COMMISSION:

On or about April 2, 2019, the Cheyenne County ("Cheyenne") Public Safety Answering Point (PSAP) filed a request with the Public Service Commission ("Commission") to use enhanced wireless 911 set-aside funds to pay for Cheyenne's cost of joining the aggregated regional Geographic Information Systems (GIS) data hub previously approved for funding in the South Central Region (the "Data Hub"),<sup>1</sup> plus three years of annual maintenance and quality control/quality assurance services. According to the documentation provided, Cheyenne's cost to join the Data Hub is a one-time charge of \$736.00 and an annual recurring maintenance cost of \$970.00. These costs will be incurred to allow Cheyenne to join the South Central Region.

The Wireless Enhanced 911 Advisory Board considered this request at its April 17, 2019 meeting and recommended that the requested funding be approved.

O P I N I O N   A N D   F I N D I N G S

The Nebraska Public Service Commission ("Commission") adopted the permanent cost model to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service under Docket No. 911-019/PI-118.<sup>2</sup>

Pursuant to Order adopted by the Commission on October 16, 2018, eligible costs incurred by PSAPs to join a region, such as equipment costs and the first year of multi-year maintenance,

<sup>1</sup> See, e.g., *In the Matter of the Nebraska Public Service Commission, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service: Buffalo County*, Application No. 911-042.10, ORDER APPROVING FUNDING (June 12, 2018).

<sup>2</sup> *In the Matter of the Nebraska Public Service Commission, on its own motion, to implement provisions of LB 1222 [2006] and to establish a permanent funding mechanism for wireless enhanced 911 service*, Application No. 911-019/PI-118, FINAL ORDER ADOPTING MODEL AND APPLICATION PROCESS (February 23, 2010).

support, service or license agreements, may be fully paid from monies in the 911 Service System Fund, including set aside funds, without applying the wireless/wireline ratio.<sup>3</sup> However, subsequent PSAP expenses, such as future years of multi-year maintenance, support, service or license agreements, and equipment costs incurred after joining a region, remain subject to the wireless/wireline ratio.<sup>4</sup>

Based upon the request for funding, supporting documentation, and in consideration of the recommendation of the Advisory Board, the Commission is of the opinion and finds that the costs requested are eligible for funding as costs that have been incurred or will be incurred for the acquisition of new equipment and related maintenance costs and license fees, and/or the acquisition, installation, maintenance, and operation of telecommunications equipment and telecommunications service required for the provision of 911 service.<sup>5</sup> In addition, the costs requested for the purchase and maintenance of software, including GIS data, are eligible for funding.<sup>6</sup> Moreover, all such costs requested are to be incurred by Cheyenne to join the South Central Region and are eligible to be paid from set aside funds, without applying the wireless/wireline ratio.

Pursuant to the permanent funding mechanism, PSAPs are permitted to set aside up to seventy-five percent (75%) of their annual funding allocation for the future purchase of equipment and software.<sup>7</sup> Set aside funds may also be used to pay the first year of multi-year maintenance or support agreements.<sup>8</sup> However, set aside funds may not be used to pay future years of multi-year maintenance

or support agreements. Any such future costs must be paid from a PSAP's annually allocated funds or other sources.<sup>9</sup>

Pursuant to the foregoing, the amount eligible for funding using set-aside funds with respect to the Data Hub is \$736.00 for one-time costs and \$970.00 for the first year of recurring maintenance, support, service or licensing costs. Therefore, the total amount eligible for funding hereunder using set-aside funds is \$1,706.00.

Based upon the above, the Commission finds that use of set-aside funding by Cheyenne should be approved as set forth herein in an amount up to **\$1,706.00**.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that funding for the Cheyenne County PSAP is hereby approved in the amount of up to \$1,706.00.
