BY THE COMMISSION:

On or about January 7, 2021, the Chase County ("Chase") public safety answering point ("PSAP") filed a request to use set-aside funds to purchase two Tripp Lite brand uninterruptible power supplies (UPS) from the Eakes Office Solutions at a total cost of \$612.00. According to the Chase funding request, both UPS units will be dedicated exclusively to 911 use.¹ One unit will provide backup power for PSAP call handling equipment. The other unit will provide backup power for PSAP recording and mapping equipment.

The requested costs are subject to the wireless/wireline ratio. The wireless/wireline ratio for Chase County for the 2020-2021 funding year is 83%.

The Wireless Enhanced 911 Advisory Board considered the request at its January 20, 2021, meeting and recommended the request be approved.

Public Service Commission ("Commission") to be eligible for funding, including costs incurred by PSAPs for acquisition, installation, maintenance, and operation of telecommunications equipment and services required for the provision of 911 service.⁵

The funding mechanism adopted by the Commission permits PSAPs to set aside up to seventy-five percent (75%) of their annual funding allocation for future purchases of equipment and software.⁶ PSAP costs for UPS systems are eligible for funding.⁷ The amount eligible for funding using set-aside funds would be \$507.96 when utilizing the wireless ratio on file with the Commission.

Based upon the above, the Commission finds that use of set-aside funding by Chase County should be approved in an amount up to **\$507.96**.
