BY THE COMMISSION:

### OPINIONS AND FINDINGS

Pursuant to the Enhanced Wireless 911 Services Act, Neb. Rev. Stat. §§ 86-442 through 86-469 (2004 Cum. Supp.) (the Act), the Commission established a policy in an order dated March 30, 2004, outlining submissions required to be made by wireless carriers to the Commission on a quarterly basis.

In order to receive or continue to receive reimbursement for eligible expenses from the Enhanced Wireless 911 Fund (Fund), all wireless carriers must submit the following information on a quarterly basis during each fiscal year. This information must be submitted by all wireless carriers, regardless of whether the carrier receives funding from the Fund.

Wireless carriers must submit to the Commission updated subscriber counts and cell site counts by county for their entire service area, including those not currently providing Phase I enhanced wireless 911 service.

Each must submit a list of all cell towers currently on air. With respect to each cell tower, wireless carriers must provide an address for the tower including the latitude and longitude location of the tower, a radius of service for that tower, the date the tower went on air, the date that Phase I was implemented and the date that Phase II was implemented.

Each must submit a list of all pending cell towers not currently on air. With respect to each pending cell tower, wireless carriers must provide an address for the tower including the latitude and longitude location of the tower, a radius of service for that tower, and the date that the tower is expected to go on air.

To date the information received has been inconsistent between carriers. This information is necessary for the development of statewide GIS data. Without complete and consistent data, the resulting GIS data may not be accurate.

In order to establish uniformity in the submission and to render the information more useful to the Commission, the forms attached hereto as Appendix A, Appendix B, and Appendix C were developed.

The Commission finds that all wireless carriers, regardless of whether they receive funding from the Fund, shall submit the information required by the March 30, 2004 order in Docket No. 911-010 using the attached forms. The forms will also be made available on the Commission website. Approval of the forms will be incorporated into a future rule and regulation procedure.

Failure to provide the requested information in a timely fashion and in the appropriate format may result in fines, denial of funding from the Fund or delays in processing of funding requests.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that all wireless carriers, regardless of whether they receive funding from the Enhanced Wireless 911 Fund, shall submit the information required by the March 30, 2004 order in Docket No. 911-010 using the attached forms.

IT IS FURTHER ORDERED that failure to provide the requested information in a timely fashion and in the appropriate format may result in fines, denial of funding or delays in the processing of funding requests.

MADE AND ENTERED at Lincoln, Nebraska, this 11th day of January, 2006.
