BY THE COMMISSION:

O P I N I O N     A N D     F I N D I N G S

The Commission adopted a permanent funding mechanism in the above-captioned docket on February 23, 2010 for purposes of disbursing funds from the Enhanced Wireless 911 Fund (Fund) to eligible wireless service providers (WSPs) and public service answering points (PSAPs) pursuant to Neb. Rev. Stat. § 86-465(1)(e) (2008).

Funding available for each funding year is calculated utilizing the 911-SAM approved by the Commission on February 23, 2010, as amended. On May 7, 2013, the Commission entered an order authorizing payments to PSAPs and WSPs and an allocation for the WSP grant process. However, the amounts included in the order were incorrect. Subsequent to the order being entered, it was discovered that certain adjustments to the model were necessary and that the amounts would need to be changed.

Therefore, the Commission finds that the order entered on May 7, 2013 should be vacated. The Commission intends to readdress funding amounts for the 2013-2014 funding year as soon as the necessary adjustments are made.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the order entered in the above-captioned matter on May 7, 2013 should be and is hereby vacated.
