BY THE COMMISSION:

On April 10, 2007, the Commission entered an order approving funding to Knox County in the amount of **\$16,000.00** for the purchase and installation of software necessary for enhanced wireless 911 service.

The order authorized payment directly to GeoComm, Knox County's vendor. However, Knox County has provided documentation showing that it has paid the \$16,000 expense. Therefore, the Commission finds that the April 10, 2007 order should be amended to authorize reimbursement in the amount of \$16,000 to Knox County for the expense described herein.

The remaining terms and conditions of the April 10, 2007 order, are unchanged and remain in effect.
