

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the Nebraska) Application No. 911-024.20
Public Service Commission, on)
its own motion, seeking to)
develop policies and process) ORDER GRANTING AMENDED ACCESS
requests for access to GIS data)
and the GIS Repository: GeoComm)
) Entered: August 14, 2012

BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On or about August 8, 2006, the Nebraska Public Service Commission (Commission) opened the above-captioned docket, on its own motion, to develop policies and process requests for access to GIS data and the GIS Repository.

In an order entered on August 30, 2005 in docket No. 911-011/PI-97, the Commission approved the development of proper GIS data and map databases for public safety answering points (PSAPs) or supplementation of existing map databases necessary for Phase II service. The Commission has since approved funding for the development of GIS data for several PSAPs.

On April 4, 2006, the Commission also approved funding for a centralized data repository (Repository) for the GIS data, in order to allow for maintenance of the data and access to the data by individual PSAPs and the Commission.

On October 10, 2007, the Commission approved a GIS Data Repository Access and Use Policy and a procedure for entities to request access to the Repository.

On or about January 8, 2008, the Commission granted access to the repository to GeoComm for 911 purposes. On August 8, 2012, GeoComm requested that their access be amended to include data from Johnson and Pawnee counties.

The Commission finds that the request should be granted and GeoComm's access be amended to include data from Johnson and Pawnee counties.

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that GeoComm's application for amended access to the GIS Repository is granted.

MADE AND ENTERED at Lincoln, Nebraska, this 14th day of August, 2012.
