On or about December 18, 2007, the Commission opened this docket, on its own motion, to investigate cost recovery by wireless carriers directly from public safety answering points (PSAPs) for the implementation of enhanced wireless 911 service.

The Commission sought comment from interested parties. Subsequently, the Nebraska Legislature enacted LB 755 [2008] which included changes to Neb. Rev. Stat. § 86-465(3) stating:

A wireless carrier receiving funds from the Enhanced Wireless 911 Fund shall not directly assess any of the costs associated with the implementation or provision of enhanced wireless 911 service to any public safety answering point, county, or municipality without the express consent of the commission.

Based upon the statutory change, the Commission finds that this docket should be closed.

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that this docket be closed.

MADE AND ENTERED at Lincoln, Nebraska this 30th day of September, 2008.
