On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism.¹

On April 9, 2012, Dawes County filed its application for funding with the Commission pursuant to Neb. Admin. Code Title 291, Ch. 15 § 007.01. Dawes County serves Dawes County and the northern two-thirds of Sioux County.

Pending resolution of the issues currently being considered in Docket No. 911-019/PI-118², Dawes County is eligible for interim funding in the amount of \$24,580.36 for the 2012-13 funding year. This amount reflects a deduction for pre-existing commitments in the amount of \$9,402.78. Dawes County has indicated that it anticipates using the funding provided for the following purposes: 911 trunk line charges and upgrades. The county plans to set aside \$14,500.00 of its funding for future equipment and software upgrades and purchases.

Based upon the above, the Commission finds \$24,580.36 should be approved consistent with the allocation previously approved by the Commission in Application No. 911-019/PI-118³. Dawes County
