BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the Nebraska) Application No. 911-042.42
Public Service Commission, on)
its own motion, seeking to	
administer funding for public) ORDER APPROVING FUNDING
safety answering points for the	
implementation and provision of)
Enhanced Wireless 911 service:)
Furnas County.) Entered: January 8, 2019

BY THE COMMISSION:

On March 30, 2010, the Nebraska Public Service Commission ("Commission") opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points ("PSAPs") for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism.¹

On or about October 9, 2018, Furnas County filed a request to use set aside funds to purchase Dispatch Map mapping software from GeoComm and related computer server equipment from Applied Connective Technologies. The eligible cost of the GeoComm mapping software is \$4,957.00, which includes \$1,925.00 for the first year of a three year licensing agreement. The eligible cost of the computer equipment is \$4,536.78. Therefore, the total amount of eligible costs is \$9,493.78.

The costs stated above are shared costs which are subject to the wireless/wireline ratio. The wireless ratio for Furnas County for the 2018-2019 funding year is 76% wireless.

The Wireless Enhanced 911 Advisory Board considered the request at its October 29, 2018 meeting and recommended the request be approved.

OPINION AND FINDINGS

Pursuant to the 911 Service system Act^2 (the "Act"), the Commission is responsible for allocating funding to PSAPs from the 911 Service System Fund (the "Fund").³ The Fund consists primarily of surcharges collected by wireless carriers from wireless service

¹ In the Matter of the Nebraska Public Service Commission, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service, Application No. 911-042, ORDER OPENING DOCKET (March 30, 2010).

² Neb. Rev. Stat. §§ 86-1001 to 86-1029.03.

³ Neb. Rev. Stat. §§ 86-1025(5).

customers.⁴ The Act provides that money in the fund may be used to pay for costs that are determined by the Public Service Commission ("Commission") to be eligible for funding, including costs incurred by PSAPs for acquisition, installation, maintenance, and operation of telecommunications equipment and services required for the provision of 911 service.⁵

The funding mechanism adopted by the Commission permits PSAPs to set aside up to seventy-five percent (75%) of their annual funding allocation for future purchases of equipment and software. Set aside funds may also be used to pay the first year of multi-year maintenance, service, support or licensing agreements. However, set aside funds may not be used to pay future years of multi-year maintenance, service, support or licensing agreements. Any such future costs must be paid from a PSAP's annually allocated funds or other sources.

Based upon the request for funding, supporting documentation, and in consideration of the recommendation of the Advisory Board, the Commission is of the opinion and finds that the costs requested are eligible for funding as costs incurred for the purchase, installation, maintenance or operation of telecommunications equipment and telecommunications services required for the provision of 911 service. PSAP costs for the purchase and maintenance of software, including GIS systems and data, are eligible for funding.9

Based on the wireless/wireline ratio of 76% percent for Furnas County, the amount eligible for funding using set-aside funds would be up to \$3,767.78 with respect to the GeoComm mapping system and

\$3,447.95 with respect to the computer server equipment, for a total amount of \$7,215.27.

Based upon the above, the Commission finds that use of setaside funding by Furnas County should be approved in the amount of up to \$7,215.27.

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that funding for Furnas County is hereby approved in the amount of up to \$7,215.27.

ENTERED AND MADE EFFECTIVE at Lincoln, Nebraska this $8^{\rm th}$ day of January, 2019.
