On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 9, 2015, Cherry County filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Cherry County, which serves Valentine, Cody, Merriman, Kilgore, and Wood Lake, is eligible for funding in the amount of up to \$49,628.32 for the 2015-16 funding year. Cherry County has indicated that it anticipates using the funding provided for costs related to support contracts for hardware and software, GIS software support, and mapping data updates. Cherry County plans to set aside up to 75% of its funding for future equipment and software upgrades and purchases.

Prior funding commitments in the amount of \$17,968.00 were previously approved and must be deducted from the allocation.

Based upon the above, the Commission finds that the funding request for Cherry County in the amount of up to \$31,660.32 should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$2,878.21 over eleven months.

Pursuant to Docket 911-019/PI-118, Cherry County is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than
