On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 9, 2015, Brown County filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Brown County, which serves Ainsworth, Johnstown, Long Pine and a portion of west Rock County, is eligible for funding in the amount of up to \$45,748.46 for the 2015-16 funding year. Brown County has indicated that it anticipates using the funding provided for costs related to support contracts for hardware and software, GIS software support, and mapping data updates. Brown County plans to set aside up to 75% of its funding for future equipment and software upgrades and purchases.

Prior funding commitments in the amount of \$12,968.00 were previously approved and must be deducted from the allocation.

Based upon the above, the Commission finds that the funding request for Brown County in the amount of up to \$32,780.46 should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$2,980.04 over eleven months.

Pursuant to Docket 911-019/PI-118, Brown County is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than
