On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 15, 2015, EDS 911 filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

EDS 911, which provides service for the 308 area code section of Franklin County, is eligible for funding in the amount of up to \$39,559.54 for the 2015-16 funding year. EDS 911 has indicated that it anticipates using the funding provided for costs of 911 equipment upgrades. EDS 911 plans to set aside 45% of its funding for future equipment, software upgrades and purchases.

No prior funding commitments exist.

Based upon the above, the Commission finds that the funding request for EDS 911 in the amount of up to \$39,559.54 should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$3,596.32 over eleven months.

Pursuant to Docket 911-019/PI-118, EDS 911 is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information no later than October 15, following the close of the funding year. If the Commission determines that any funds were not used appropriately,
