On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-mentioned docket, on its own motion, seeking to administer funding for public safety answering points for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118.

On April 14, 2015, Sheridan County filed its application for funding with the Commission pursuant to Docket No. 911-019/PI-118.

Sheridan County, which serves Sheridan County and western Cherry County, is eligible for funding in the amount of up to \$44,712.79 for the 2015-16 funding year. Sheridan County has indicated that it anticipates using the funding provided for costs related to support contracts for 911 hardware and software, mapping software support, purchase of 911 equipment, and 911 related phone bills. Sheridan County plans to set aside 75% of its funding for future equipment, software upgrades and purchases.

No prior funding commitments exist.

Based upon the above, the Commission finds that the funding request for Sheridan County in the amount of up to \$44,712.79 should be approved consistent with the allocation determined in Docket 911-019/PI-118 paid in monthly installments of \$4,064.80 over eleven months.

Pursuant to Docket 911-019/PI-118, Sheridan County is required to submit documentation to justify expenditures, including an accounting of funds set aside for future equipment and software purchases, and update contact and other information
