BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On or about March 30, 2010, the Nebraska Public Service Commission (Commission) opened the above-captioned docket, on its own motion, seeking to administer funding for wireless service providers for the implementation and provision of Enhanced Wireless 911 service pursuant to the permanent funding mechanism approved under Docket No. 911-019/PI-118. On June 24, 2014, the Commission entered an order allocating up to \$176,427.97 for Sprint for the 2014-15 funding year.

During the initial implementation of the Nebraska Tower Count Data Mining Process for the 2014-2015 funding year, tower percentages became misaligned. The misalignment resulted in a change in the amount of funding allocated to Sprint, from \$176,427.97 to \$180,430.56. The Commission finds that an order nunc pro tunc should be entered to amend the second paragraph of the order as follows:

"Sprint filed an application for funding pursuant to Docket No. 911-019/PI-118. Pursuant to the permanent funding mechanism, Sprint has been allocated an amount up to \$180,430.56 paid in monthly installments over eleven months."

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that an order nunc pro tunc to correct the allocated funding amount for Sprint be entered as set forth herein.
