) Entered: August 14, 2012

BY THE COMMISSION:

On October 15, 2010, N.E. Colorado Cellular, Inc., d/b/a Viaero Wireless (Viaero) filed a First Application for Support from the E-911 Wireless Service Provider Grant Program (Application). After hearing, the Commission entered an order on February 23, 2011 granting the Application and approving grant funds in the amount of **\$447,570.17** to be used for replacing E-911 location platform software.

As stated in the February 23, 2010 Order Adopting the E-911 Cost Model¹, the WSP Grant Program provides funding for wireless service providers for capital expenses or other one-time costs to provide E-911 services and not covered by recurring funding available under the monthly funding program.

Viaero has completed its project and submitted all eligible invoices. A portion of the project costs were lower than budgeted. Therefore, the total grant amount paid for the 2011-2012 grant was **\$423,885.07**. The Commission finds that no further action is necessary regarding the 2011-2012 grant award. Therefore, it is hereby closed.

O R D E R

IT IS THEREFORE ORDERED that no further action is necessary regarding the 2011-2012 grant award to N.E. Colorado Cellular, Inc. d/b/a Viaero Wireless and it is hereby closed.

¹ In the Matter of the Nebraska Public Service Commission, on its own motion, to implement provisions of LB 1222 [2006] and to establish a permanent funding mechanism for wireless enhanced 911 service. Final Order entered February 23, 2010.
