on its own motion, seeking to)
establish Phase II enhanced) ORDER

implementation.) Entered: November 21, 2006

BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On August 29, 2006, the Commission issued an Order Requesting Amended Offerings and Pricing from Vendors of Choice which would allow any vendor wishing to update its equipment offerings and services to submit to the Commission information regarding any offerings not available at the time of their original response to the RFP. Subsequently, on October 24, 2006, the Commission approved a new vendor and approved amended offerings and pricing from approved Vendors of Choice as follows:

1. Frontier/PlantCML
2. Platte Valley/TCI
3. Windstream/PlantCML
4. Qwest/Positron

The Commission enters this order to place interested persons on notice regarding the offerings and services approved in its October 24, 2006 Order and listed above. The Commission finds that the offerings and services contained in the vendor responses approved on October 24, 2006, supersede all previously approved vendor offerings and services.¹ If some of the older services and offerings are still being used by the designated public safety answering points, the Commission finds that they shall have 30 days to notify the Commission.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the offerings and services approved by the Commission's October 24, 2006 Order fully supersede and replace all offerings and services previously approved by the Commission.

¹ This finding exempts Geocomm and GIS workshop RFP bids and services which are still in effect.
