

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of Cuming County,            ) Application No. PSAP-008  
seeking approval of funding for            )  
recurring and non-recurring costs        ) GRANTED  
of implementation of enhanced            )  
wireless 911.                                ) Entered: April 9, 2002

BY THE COMMISSION:

By written request for funding received April 3, 2002, Cuming County seeks funding from the Enhanced Wireless 911 Fund for expenses of implementing and providing enhanced wireless 911 service. Cuming County has one public safety answering point (PSAP), which will provide enhanced wireless 911 service throughout Cuming County. The local exchange carrier serving Cuming County's PSAP is Qwest Corporation (Qwest). Cuming County's PSAP is served by the following wireless carriers: Western Wireless and ALLTEL Cellular.

Cuming County entered into a service agreement with Qwest for enhanced wireless 911 equipment and services. A copy of the agreement is attached to the request for funding. In the agreement, Cuming County authorized the Nebraska Public Service Commission to remit all payments for enhanced wireless 911 service to Qwest.

Cuming County seeks initial costs of \$7,679.90 and recurring costs of \$763.10 per month to implement and provide enhanced wireless 911 service for each of the above-listed wireless carriers. Initial costs are for database upgrades, trunking infrastructure and purchase, installation, and testing of circuits for enhanced wireless 911. Recurring costs are monthly fees for database management and for operation and maintenance of trunks and circuits.

O P I N I O N       A N D       F I N D I N G S

This request for funding is being processed pursuant to Neb. Rev. Stat. §§ 86-2201 to 86-2214. (2001 Supp.), 291 Neb. Admin. Code, Chapter 1, Section 5, and Application No. 911-001, Progression Order No. 3, entered January 29, 2002.

Costs requested are eligible under Neb. Rev. Stat. § 86-2210 (2001 Supp.). All costs have been incurred or will be incurred for the purchase, installation, maintenance and operation of telecommunications equipment and telecommunications

services required for the provision of enhanced wireless 911 service.

Cuming County has submitted a PSAP registration in compliance with Application No. 911-001, Progression Order No. 3.

Because Cuming County authorized Qwest to receive all payments on its behalf for wireless enhanced 911, the Commission finds that payment should be made to Qwest upon invoice. Only invoices that comport with the approved costs in this order will be paid. Recurring costs requested for partial months must be pro rated.

Furthermore, the Commission is of the opinion and finds that any costs of NUSF surcharges should be paid, and that any legitimate government-imposed taxes or surcharges assessed on enhanced wireless 911 charges should be paid. The Commission further finds that Cuming County should true-up its subscriber counts on a quarterly basis and that the Commission shall pay resulting non-recurring and recurring charges.

Based upon the request for funding and supporting documentation, the Commission is of the opinion and finds that the request for funding should be granted.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Cuming County's request for funding shall be granted.

IT IS FURTHER ORDERED that upon invoice from Qwest, the Commission shall remit to Qwest amounts that comport with this order.

IT IS FURTHER ORDERED that Cuming County shall true-up its subscriber counts on a quarterly basis, and that Cuming County shall be paid for non-recurring and recurring charges resulting from increased subscriber counts.

MADE AND ENTERED at Lincoln, Nebraska this 9th day of  
April, 2002.
