## BY THE COMMISSION:

By Application filed December 14, 2017 Citizens Telecommunications Company of Nebraska (CTC-Nebraska) sought high-cost support from the Nebraska Universal Service Fund (NUSF). Notice of the application appeared in the Daily Record, Omaha, Nebraska on December 21, 2017 and in the Lexington Clipper on December 26, 2017. No interventions or protests were filed; therefore the Commission processes this Application pursuant to its Rule of Modified Procedure.

The Applicant sought support in the amount of four hundred and six thousand two hundred and two dollars and ninety-four cents (\$406,202.94) for the construction of facilities to increase transport capacity linking the Miller exchange with existing facilities in CTC-Nebraska's Amherst exchange.

On March 28, 2018, after a follow-up to concerns raised by staff on this application, a representative of CTC-Nebraska indicated by electronic mail that the above-captioned application would be withdrawn and that CTC-Nebraska's engineering team would look for alternative projects to file. No further written request was filed. The Commission interprets this communication as CTC-Nebraska's request to withdraw the application. Upon consideration of this request, the Commission finds that it should be approved and the application considered withdrawn.

Application No. NUSF-99.06
