The Commission initiates the above-captioned Progression Order to open a grant window for its wireless infrastructure grant program. In its May 7, 2019 Order, the Commission posed a series of questions designed to modernize the wireless infrastructure grant program and to consider changes in the manner in which data is submitted to the Commission for review. The Commission then modified its criteria and opened a grant window in Progression Order No. 9 issued on November 5, 2019. Utilizing the criteria set forth in that Order, the Commission hereby finds that the grant window for 2020 universal service fund support should be opened.

We find that the amount made available for the 2020 grant application cycle should be set at \$5.2 million. The application window for the next round of grants should open on **August 10, 2020 and extend through October 1, 2020.**

Applicants must file one (1) original and five (5) paper copies of their application. In addition to the paper applications, applicants must file electronic copies of their application and the detailed budget in an electronic excel format. If the application contains confidential information, each applicant must also file one (1) paper and one (1) electronic redacted copy of the application. All electronic submissions should be directed to psc.nusf-filings@nebraska.gov.
