BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On March 5, 2019, the Commission granted the above-captioned application relative to a broadband project proposed by Windstream Nebraska Inc. (Windstream) in the northwest portion of its Murray, Nebraska ILEC Exchange. In that Order, the Commission granted funding in the amount of \$31,602.00.

Subsequently, on June 5, 2020, Windstream filed a request seeking an increase of support for the Murray project. Windstream seeks an additional \$18,526.54 for the project for a total of \$50,128.54 rather than \$31,602. In support of its request, Windstream stated the increased cost was due to the decision to bury the fiber rather than use an aerial fiber deployment.

After consideration of this request, the Commission is of the opinion and finds the request should be granted. The Commission will approve the additional \$18,526.54 in NUSF support for this project.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the modification request filed by Windstream Nebraska Inc. in the above-captioned matter be and it is hereby granted.
