Public Service Commission, on	)	
its own Motion, to administer	)	
the Universal Service Fund	)	REIMBURSEMENT ORDER
High-Cost Program: Windstream	)	
Nebraska Inc., Broadband Grant	)	
Request.	)	Entered: May 10, 2022

BY THE COMMISSION:

By Application filed November 29, 2018, Windstream Nebraska Inc., ("Windstream") sought high-cost support from the Nebraska Universal Service Fund ("NUSF"). Notice of the application appeared in The Daily Record, Omaha, Nebraska, on December 5, 2018. No protests or interventions were filed; therefore, the Commission processed this application pursuant to its Rule of Modified Procedure.

On March 5, 2019, the Commission granted the application, awarding Windstream support in the amount of \$104,997.00 for the construction of facilities in the Northwestern area of the Firth, Nebraska ILEC Exchange ("Firth project").

On June 23, 2021, Windstream notified the Commission that it seeks additional support for this project in the amount of \$10,470.30. Windstream states that this additional support is necessary due to an additional 2,400 feet of boring performed due to missed culverts, driveways, and additional bore length for crossings.

Windstream seeks to reallocate funding previously allocated to other NUSF-99 projects that were under budget to fund the remainder of the Firth project. Windstream has notified the Commission that several of its NUSF-99 projects were completed under budget, primarily due to less boring being required and less buried fiber required to complete the projects than expected. Additionally, Windstream identified one project that used aerial fiber rather than buried fiber, one project in which there was a change in equipment design, as well as some projects that came in under budget. Windstream stated that no changes in service resulted due to the projects coming in under budget. Windstream requests that the Commission reallocate the funding previously allocated but not used for these NUSF-99 projects that were under budget to other NUSF-99 projects that were over budget, including the above-captioned application.

SECRETARY'S RECORD, PUBLIC SERVICE COMMISSION

Application No. NUSF-99.33

Page 2

Upon consideration of Windstream's request for additional support, we find it to be reasonable, with modification. Upon review of Windstream's request and supporting documentation, the Commission finds that adjustments to the request in the amount of \$1,288.02 should be made. The Commission therefore authorizes the additional reimbursement amount of \$9,182.28 for Windstream. The Commission's March 5, 2019 Order shall be modified so that the total of reimbursement for this application shall be \$114,179.28.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Windstream's request for reimbursement shall be, and is hereby, granted as set forth above.

ENTERED AND MADE EFFECTIVE at Lincoln, Nebraska, this 10th day of May, 2022.
