OPINION AND FINDINGS

BY THE COMMISSION:

By its application filed August 18, 1981, the Blair Telephone Company, Blair, Nebraska seeks authority to establish a free trial for Custom Calling features within its Blair exchange.

Notice of the filing of the application was published pursuant to the provisions of the Commission's Rules and Regulations. No protest to the application was filed.

Applicant has been authorized by the Commission to offer Custom Calling Features within its Blair exchange upon installation of digital central office equipment.

In order to acquaint its Blair subscribers with custom calling features, applicant proposes to waive service connection charges, first two months charges for Call Waiting and one month's charges for Call Forwarding, Speed Calling, 3-Way Calling and Intercom Calling.

It is proposed to extend this offer to every Blair exchange customer. Call Waiting could be offered simultaneously on an exchange wide basis, but due to equipment limitations the remaining services would be offered proportionately over a one year period beginning January 15, 1982 and ending January 15, 1983.

No charges would apply to any customer participating in the free trial who does not subscribe to the service.

Upon consideration of the application and attending circumstances and being fully advised, the Commission is of the opinion and finds that the application is fair and reasonable, is in the public interest and should be granted.
