Omaha, Nebraska, for authority to	)	GRANTED IN PART
detriff certain Customer Premise	)	
Equipment.	)	Entered: December 27, 1983

## OPINION AND FINDINGS

## BY THE COMMISSION:

By its application of December 21, 1983 AT&T Information Systems (AT&T-IS) requested this Commission to detriff Customer Premises Equipment (CPE) for three catagories of service:

1. Deaf and Hearing Impaired
2. Non-cellular Mobile Telephone
3. National Security/Emergency

AT&T-IS showed that the FCC had authorized detriffing of all CPE other than the equipment which is the subject of this Application. AT&T will either have to form another subsidiary to handle this equipment or receive permission to detriff this equipment.

AT&T-IS has agreed to provide the CPE which is the subject of this application on a price guaranteed basis. Deaf and Hearing Impaired and Non-cellular Mobile Telephone Equipment will be subject to a two year price guarantee plan under the AT&T-IS proposal. National Security/Emergency CPE will be under a price guarantee until detriffed by the FCC according to agreement at the hearing of December 27, 1983.

The Commission finds that the creation of another regulated subsidiary to handle this CPE is not in the public interest. The Commission also finds that the AT&T-IS plan to guarantee prices is reasonable.

## ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. C-480 be granted, with the additional provision that National Security/Emergency CPE be price guaranteed until detriffed by the FCC.

IT IS FURTHER ORDERED that Northwestern Bell Telephone Company transfer this detriff CPE to AT&T-IS at divestiture.
